

ACCYL...Basketball, Service, Mission

The ACCYL not only values basketball but places emphasis on service, mission, and outreach. The league highly encourages each team to complete at least one service project (teams can do more than one project). The league has a relationship with the three organizations listed below.

However, a team is allowed to creatively discover their own area of service.

Here are the details:

1. Teams receive 3 points for their 1st project and 2 points for their 2nd and 3rd projects (3 projects maximum, 7 points)
2. Teams are highly encouraged to complete the projects in fall 2010 or during the season.
Deadline to complete: February 20, 2011
3. A project needs to include 90% of players and coaches on the team.

Possibilities:

1. Lutheran Malaria Initiative

contact: Mary Simonson Clark, 612-636-5104 or 952-933-8836
